

Students and teachers need your help today!

We want to support schools serving high percentage of students on the free and reduced lunch program. We know the pandemic has brought many challenges, but our educators have been committed to supporting students through in-person learning. As the school year begins, we have new opportunities to show our appreciation and support!

Your gift today will help students deepen their classroom learning through hands-on experiences through fields trips. Your contribution will also help teachers by letting them know they are supported and appreciated for their commitment to teaching.

You can give children a field trip to deepen classroom learning. Your help is needed at Caze so that students can visit: the Children's Museum of Evansville (1st grade), Howell Wetlands at Wesselman Woods (2nd and 3rd grades), and the Zoo (K, 4th and 5th grades). **Total Need: \$5,000**
